House Profile: Bradwell house is a home for ten people and is in a beautiful setting within 5 minutes of the seafront at Hythe. The home boast very large garden divided into areas including a sensory garden, a vegetable patch and games area and we are at present designing and building a Japanese themed garden.

We specialise in epilepsy, autistic spectrum disorders and visual impairments, but have a vast knowledge of other disabilities. The home offers a wide range of activities both in and outside the home and encourages clients to be independent and where possible attend college and work. We also take advantage of the close proximity of both the euro star and ferries and often arrange day trips and holidays in Europe.

We have a very dynamic and well qualified team who are always willing to try new things and support clients to achieve life long goals, whether large or small and are very focused on person centred planning both in their activities and also around the environment they live in.
